## DOSSIER: MURIEL

### CHARACTER DESCRIPTION

**Muriel (last name unknown) (Super Villain Name: MURIEL)**

**Height:** 1.63 meters (five feet four inches)

**Weight:** 53.07 kilograms (117 pounds)

**Complexion:** Pale, perfect

**Eye Color:** Deep, yellow-flecked brown

**Hair:** Dark brown

**Age:** Unknown, appears to be in her 20's, seems much older

**Astrological Sign:** Libra

**Clothes:** Style: Activewear, “catsuits,” form-fitting, lightweight sweats and athletic wear, martial arts gear. Though she often wears black of necessity (being a ninja warrior), she actually prefers *white*, or multicolored clothes.

**Abilities:** Before her transformation by Murk, Muriel was a deadly mistress of the martial arts. After transformation, her physical powers are vastly magnified: where once she had keen senses, now her senses are amazingly, preternaturally sharp; she has absolute control of her muscles and autonomic nervous system resulting in amazing physical prowess; she has perfect muscle memory—therefore, she is the ultimate martial artist. If she sees something done once, thenceforth she can duplicate it perfectly; she is strong, quick, deadly. She is also a high-irresistible temptress, devastatingly, sinuously alluring. Ultimately, like Milli, Muriel is capable of the full spectrum of potential power.

No one knows whence Muriel came. Some say she was born on an unregistered vessel lost at sea in cold and restless waters near the very bottom of the world.

Like Murk, Muriel has lived many lives filled with darkness and wickedness. Her roots in *Malkhut* go back far beyond reckoning, no one knows how far. She is an evil woman—perhaps *the* Evil Woman.

Like Milli, Muriel is the sum of human potential, but Muriel is devoted to the physical, material and temporal. She is bewitchingly beautiful and driven by physical and sexual desires, virtually the essence of lust.
